Subject: Review Comments on the Bear Creek Levee System and Calaveras River Levee System Accreditation Submittal

On November 15, 2017, a submittal was received in response to review comments dated October 23, 2017 for the “Bear Creek and Calaveras River Levee Systems Accreditation” package from SJAFCFA.

The first-set of review comments was provided to SJAFCFA on January 19, 2016. A revised submittal was received on April 11, 2016 in response to the January review comments.

The submitted material has been reviewed and is found to comply with Title 44, Section 65.10 of the Code of Federal Regulations. A letter accrediting the Bear Creek and Calaveras River Levee Systems is expected to be sent out shortly.
